EUGENE DOWNEY

Everyone at the Club was deeply saddened to learn of the sudden passing of legendary supporter, Eugene Downey in early September. A huge Town fan, Eugene (left) regularly attended both home and away matches with his good friend Mickey Bell (right). Our thoughts are with Eugene's family and friends at this sad time.

THE GAFFER

SIMON WEAVER

“ ...THERE HAS BEEN PROGRESS ON THE DEFENSIVE SIDE OF OUR GAME AND NOW WE NEED TO MAKE SURE WE ARE DOING EVERYTHING WE CAN TO IMPROVE OUR ATTACKING OUTPUT ”

I would like to welcome you back to The EnviroVent Stadium for this afternoon's Yorkshire derby. I would also like to welcome the Bradford City manager, Mark Hughes and his side for our first meeting of the season.

It's been a few weeks since we last played at home which provides an opportunity to take a look back at our results and performances since the Salford match.

Last week against Stevenage was a tough one to take as we lost in the dying minutes but we have to take the opportunity to learn from each experience. In the first half we were competitive and had the opportunity to go ahead with Josh Coley's chance after pressing well in their defensive third. There is no denying, however, that in the second half, they were the better team and a powerful outfit.

The previous game saw us pick up a point at Stockport County, but I think we were unlucky not to take all three. We were slow out the traps in the first half, but reacted well in the second, and it gave us some positive signs of what the lads are capable of, especially those who came on from the bench.

Despite the defeat last weekend, it's important that we recognise that there were some good performances in the match. Rory McArdle came in for his first start of the season and slotted right in to the back four seamlessly. It was a physical game with a lot of ariel duels and Rory more than held his own. We are looking tighter at the back with the likes of Rory and Joe Mattock available to

us and will lean on their experience and qualities throughout the season.

It's no secret that we are still working to find that winning formula, and that can be an arduous process, but there has been progress on the defensive side of our game and now we need to make sure we are doing everything we can to improve our attacking output because there are players at this football club with real quality.

Today's match promises to be a tough test. They are a good side with quality all over the pitch and have started the season well. We can't ever suggest that this local derby is historically a big one for some who are viewing today's game, but for all involved at Harrogate Town, we are a proud bunch who enjoy the local games and in recent times the team has produced some unforgettable moments. We must play with pride and earn the right to play to our full potential today. All games are tough at this level, but it's now time for us to show the town we are ready and capable of winning games.

We have done a lot of work behind the scenes to make sure we are ready for this battle from the first whistle and we have noticed a real determination from the lads to get back to winning ways.

Your vocal support is vital and gives us a huge lift.

Enjoy the game.

Simon

JOSH FALKINGHAM

“ WE ALL KNOW HOW IMPORTANT IT IS TO SCORE GOALS BUT WE HAVE TO KEEP WORKING HARD AND BELIEVING THAT OUR LUCK WILL TURN... ”

Good Afternoon everyone. I'd like to warmly welcome you to The EnviroVent Stadium for today's game against Bradford City.

There has been an added edge going in to this one because it has that derby feel to it Personally, I love occasions like this and I have been fortunate enough to be a part of some memorable derby moments with this club and that is something which we want to continue here today.

We know how much these games mean to our supporters and I know that we, as a squad, are really looking forward to playing in front of you and in an electric atmosphere. We will be the underdogs, but we will be looking to feed off that and get on top early. We want to give you something to cheer about, and from the first minute, that will be the aim.

I am pleased to be back involved and available for selection after what was a tough spell out with my injury. That time out has helped me appreciate stepping out on to the field with the lads. Whether that be in training or in a match you get a buzz every single day coming in to training. Having spent so long out I think it has only added to my motivation to keep pushing and to put in the hard yards to make sure I am ready for when that chance does come.

Of course, reflecting on last week's defeat against Stevenage I think there are areas where we need to improve as a team. We all know how important it is to score goals but we have to keep working hard and believing that our luck will turn.

Changing that luck isn't just about turning up on a Saturday, it's about the work we put in day in and day out in training. We want to build that positive mindset and take it in to games because from there we will change our fortunes because we do have really good forward players. The expectation for that doesn't just fall on them its on us collectively as a unit to take responsibility to share that as a team.

However, I do believe there have been positive signs from our recent performances. Defensively we have been a lot stronger compared to last year and that solidity gives us a strong base to build on.

Enjoy the match!

Falky

LLOYD KERRY

Football league memories for Harrogate Town don't come much bigger than Lloyd Kerry's winner against Bradford City in 2020. The crisp finish secured all three points in the Yorkshire derby and will live long in the memory of all Town fans.

However, the club legend brought an end to his impressive career at the end of last season and is now focused on making an impact in the club's recruitment department. Looking ahead to the occasion the former midfield general has admitted he will miss the buzz of being involved in such an exciting match.

Words: Nickolas McInally

He explained: "It's a massive occasion whenever we go up against them and I have managed to score the winning goal against them in front of my family so that was a really good moment for me. I think the lads can take confidence from the fact we have a good record against Bradford.

"We are at home as well and I'm sure the lads will put on a good performance for the fans, giving our all and more in the derby. As a player you get a real buzz from playing in front of a crowd and I miss that now I have retired but I'll be cheering the lads on from the side lines."

However, reflecting on his decision to bring his magnificent playing career to an end, Kerry believes his decision was the right one. After accepting an offer to become the club's Head of Player Recruitment he oversaw the signings of 15 new players.

He revealed: "It's been a big change for me, I'm still finding my feet in the role but I am really enjoying it. I really enjoyed playing for this club and now I am focused on helping it in whatever way I can. It has been a crazy six months really since I was first offered the job in January."

"My contract was up last summer and I spoke with the gaffer around Christmas of last year to find out what lay ahead for me from the club's point of view for clarity. He came back to me a couple of weeks later and offered me the role and thought it would be a good fit for me."

Having spent 16 years playing professional football the now former Town midfielder admitted the offer was not expected as he considered retirement and the offer on the table.

He said: "At first it took me by surprise a little bit but when I got my head round the prospect of retiring and not playing any more, the opportunity was too good to turn down. Once I accepted the role I started straight away. I was out watching

games whenever I could, if I wasn't in the squad I was away watching a match and we came up with a plan. We identified positions and areas which we would like to improve and I was a part of that process. I was still available to play if needed and had to remain professional in case I was needed. I have had a good six or seven months at it now."

Having freshly retired just weeks previously Kerry relied heavily on his insight gained from playing and knowledge of the squad and he worked to identify characters who would suit the yellow and black.

He said: "I think I have a good understanding of what the manager and coaches expect from players. We have built our success on having good characters, lads who will run through a brick wall for this club and I definitely think it helps. We have a great relationship and as a group I think we are really close, we all want the same thing and are on the same page which I think is important."

However, after accepting a role within the club's

“ WE HAVE BUILT OUR SUCCESS ON HAVING GOOD CHARACTERS, LADS WHO WILL RUN THROUGH A BRICK WALL FOR THIS CLUB AND I DEFINITELY THINK IT HELPS... ”

recruitment department, the hard word continues for the former Town midfielder as he continues his football obsession after hanging up his boots.

He said: “I am currently studying my talent ID level 3 qualification which I think will help me to continue improving within this role. I have done a bit of coaching and I do enjoy that as well, I am also doing my UEFA B License just in case I want to go down that route in future. Anything within football interests me. I have loved being a part of it as a player and in my current role and if I can broaden my knowledge within any aspect of the game I will always look to do that.”

In becoming the club's first full-time Head of Player Recruitment, this step is aimed at facilitating the club's continued evolution in the EFL.

He explained: “In the past we have had part-time scouts, Lee Barraclough is still with us as Chief Scout and has done a great job in his time here. The club wanted someone full-time, there are games almost every day of the week at a variety

of different levels but we want to have a chance at seeing more players live and helping to us evolve.

“We are often up against teams in our division when we are looking at players. With that in mind we want to be able to think outside the box at times and get creative because when you're in that competition you aren't going to get every player you want.”

Having switched the boots for the side lines it's his time as a member of staff which has allowed the man who made 224 appearances for the club to fully appreciate the hard work which goes on behind the scenes at a football club.

He said: “I am really proud of what I have achieved at the club and to be a part of promotions, Wembley appearances and winning trophies and now for me it's about helping the club as much as I can off the field. That is the same as the rest of the staff here, I know how much hard work they all put in behind the scenes which probably goes unnoticed when you're a player.

He said: "I was always trying to sell the club in the best way I can, I have been a part of it and in the changing room so I know first hand the strengths of this football club. I definitely think it helps to a certain degree but there are other factors which influences a player's decision which we can't control.

"I think the success we've had in recent years helps us. A lot of people take notice and believe we are doing something right. The manager isn't scared to give opportunities to players who earn it and I think that makes us quite an appealing option.

"Looking at loans in recent years, we have also had a few successful ones which helps us in discussions with parent clubs because they know we will give their players the experience they need."

"Everyone just wants this club to be successful and we're working as hard as we can to make that happen. For me, if I can play a part in helping the club continue to move forward I would be very proud of that as well."

With a change to Town's tactical set up coming in the final week of the transfer window, the club recruited four new signings on transfer deadline day. However, while some may avoid the chaotic nature of a day like this, it was one which Kerry enjoyed being a part of.

He revealed: "We didn't have a lot of options in wider areas and we knew that would impact us if we wanted to change the formation. So we had a look at our targets, the manager had an operation that day so it was myself and Paul Thirlwell were on the phone a lot.

"Abbey, our secretary, and Rachel our physio were ready at the ground for medicals. Josh Coley was probably the latest one. We were interested in Josh but we had to wait on Exeter bringing in another player in before we could get that deal done.

"I think it was about quarter-to 11 before we got the deal done. It was a stressful at times but it was a great experience for me. We were delighted with the four lads we brought in and the options they give us."

Having held several discussions with potential recruits and agents in recent months, the former midfield general admitted his understanding of football players and experiences picked up as a player helped him in getting deals over the line.

In leading the player recruitment for both the club's first team and youth academy the former Town midfielder believes the tools at his disposal will be a huge benefit as the club continues to improve.

He said: "We have of course got access to Wyscout which is a fantastic software which allows us to watch videos of players playing in matches. I watch a lot of videos every week but you still need to watch players live.

"I am a big believer in that because you see things the camera doesn't pick up. For example, last year one player looked really good but when I went to watch him his body language and attitude weren't great. We've got Statsbomb as well which helps us when looking at players as well."

In leading the recruitment process for the club's academy squad, the 34-year-old believes the approach must differ to that of the first team.

He explained: "Within the youth team it's about identifying the characteristics we want. It's different because you have to see the bigger picture with these lads because they are still developing. We're going to be doing a lot to build up links with category one club's.

"Obviously as you go up they pyramid there is more and more quality and we want to be in a position to pick up players with talent who might not make the grade at a category one club. Right now we have our player development centre but in the longer term we are looking at category three and reaching that level."

THE MEN IN CHARGE

STAN HALL 1969-70

MANAGERIAL RECORD: GAMES 24 / WON 8 / DREW 7 / LOST 9

30-year-old centre half Stan Hall joined Harrogate Town from Yorkshire League Selby Town and made his first team debut on 6 February 1965 in a 1-1 draw at home to Bridlington Town in Yorkshire League Division One. He played two seasons with Town making 25 appearances before retiring from active soccer and hanging up his boots in January 1966.

He had enjoyed 15 years of Yorkshire league football with Farsley Celtic and Selby as captain. After retiring, he continued at Town helping manager Jack Townrow in the gym with training. I remember it well, aged 17 in 1966/67, him training us in the gym at a school in Knaresborough especially with the 'medicine' ball. That strengthened you up.

After Townrow's death in April 1969, Hall was approached by Town officials to take over as manager/coach. A youth leader, Hall described the facilities for young people in the Town 'deplorable'. They could train on the Stray on light evenings but he wanted them to possess a gym of their own

for winter months for training. Hall even went to watch Don Revie's Leeds players training to see their advanced coaching techniques.

For 1969/70, Hall was the first manager to actually select the team over a committee and the local paper wrote, 'Players will now know where leadership is coming from. This was a big change for the committee to leave selection to the men on the touchline. Hall's tenure at the helm, however, didn't last long, as he resigned in February 1970 with Stan's assistant 'Chick Farr' taking over until the end of the season. Hall's short stay brought eight league and cup victories, seven draws and nine defeats from 24 games.

NCS CHANGEMAKERS ESCAPE!

After our fun-filled summer on NCS, we had some of the young people return and join us as NCS Changemakers.

The group took part in an escape room, with the aim of breaking out within the time limit. The group were split into two as they competed to see who could escape the quickest.

It was great for the staff to see some familiar faces from summer and the young people working together as a team.

As we move into October and the winter months the young people will start to prepare and plan for their Christmas social action project. This will be an exciting prospect for the young people to have an opportunity, to positively impact their local community during the festive period.

WALKING FOOTBALL

Our over 60's Walking Footballers finished their Northern Premier League season off last weekend with the final round of fixtures at Goal's Leeds.

In a very tight opening game, they took an early lead when Dean Tunbridge scored on his debut, unfortunately Harrogate couldn't hang on and Blackfyne grabbed a last-minute equaliser, the final game was against the newly crowned League Champions Benfield and Harrogate saved the best for last. Despite being on the backfoot for most of the game, Harrogate were well and organised and took the lead early in the second half through Tom Robinson and despite a final onslaught from the Champions Harrogate held on to finish the season third in the league. A massive well done to players and volunteers for a fantastic season!

HARROGATE TOWN	2 O'Boyle (2), Ilesanmi (79 pen)

On Saturday Town U18s Academy made the trip to Mansfield for their third league game of the season and came away with a well-deserved first win of the season.

some really good stuff and looked a threat when counter attacking. Again, Mansfield did not hurt the away side and Giles had a relatively quiet half.

Harrogate scored their second of the morning with fifteen minutes to spare when Emmanuel Ilesanmi was brought down in the box and then got up to calmly slot the ball home from the spot.

This was a fantastic team performance and should give the lads real confidence going forward this season.

Town: Giles, Williams, Moorby, Wilson, Attree, Taylor, Nicholson, Tweed, Ilesanmi, O'Boyle, Liddle
Subs: Lee, Brodella, Smalley, Samuels, Birmingham

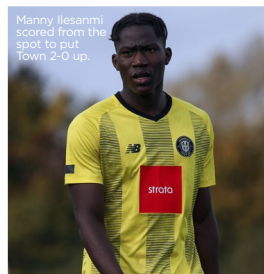

Finn O'Boyle opened the scoring for Town after just two minutes

Town started the brighter and were rewarded in the second minute when Brad Williams broke through the young Stags defence beating two players before slipping a through ball to Finn O'Boyle who neatly slotted past the Mansfield keeper.

The Town defence managed to limit the hosts to very few opportunities and other than a free kick which was smartly saved by Harvey Giles in the Town goal, Mansfield did not have another shot on goal in the first half.

In the second half Town played

Manny Ilesanmi scored from the spot to put Town 2-0 up.

WOMEN

Town Women fall to heavy defeat at the hands of Wakefield AFC but huge lessons learnt.

NORTH EAST REGIONAL WFL
PREMIER DIVISION

WAKEFIELD AFC 4
HARROGATE TOWN 0

Against a strong Wakefield side, last Sunday was a difficult day at the office for Town Women.

Following a good week of training we went into Sunday full of confidence and the game did present moments of brilliance, but we struggled with consistency across the 90 minutes.

Setbacks and bad days happen, but these moments will always provide you more opportunities to learn, improve and move forward. Our reaction in these moments is now important. It's vital that we recognise how we can learn, adapt and progress as we enter a new week of training.

With defeats it's easy to focus on what went wrong and how we fix it, but the game did provide some moments of individual and collective brilliance. As we continue to develop our identity, it's essential that we use those moments as the basis of all our hard work.

Abbey Smith was excellent throughout and deservedly picked up the Player of the Match after a resilient display, never wavering until the final whistle.

Town Women travel to Brighouse tomorrow in the Second Qualifying Round of the Vitality Women's FA Cup keen to make amends for last Saturday.

Town: MacDonald, Johnson, Smith, Wilson, Hood, Williams, Broad, Devereux, Parkin, Simpson, Blunt
Subs: Tyssen, McHugh, Rahman

PAPAJOHNS TROPHY 

NORTHERN GROUP A

Tuesday
4 October 2022
7pm

Town are back in cup action on Tuesday night with an exciting, home Papa John's Trophy group game against Everton U21s.

The young Toffees have made a great start to their Premier League 2 Division One campaign, and at the time of going to print sit fourth in the table after six games - the top tier of development football.

Managed by Paul Tait, they have suffered only one loss this season to Chelsea, but bounced back with a fine 5-0 win over Sporting Braga in the Premier League International Cup and followed that up with a 1-0 league win over Brighton and Hove Albion.

Like Town, this is only their second game in the Papa John's Trophy after they came away with a 3-3 draw at Morecambe in the opening round of games, only to lose out 7-6 on penalties for the extra bonus point. The Toffees scorers that night were Sean McAllister, Isaac Price and Thomas Cannon.

The Duchy Hospital Launches Private GP Service

Do you find it difficult to see your GP at a time that is convenient for you?

Dr Jason Jones will be seeing patients at The Duchy Hospital, giving time for concerns to be discussed. We also offer a comprehensive GP led Health Screening service.

I'm very happy and excited to be joining the team at The Duchy and providing some Primary Care services. Being based within the hospital will also give me access to all the hospital's facilities, services and consultant colleagues. This should improve the patient journey if any secondary care referrals are needed.
